THE FEW. THE PROUD.

AIRSOFT

Crosman and the US Marine Corps have partnered to create Marines Airsoft! Check out the entire new collection of rifles, pistols, gear and ammunition and you'll find everything you need for your battlefield missions. Page 48

Hunting Airguns

The memorable stories told around the campfire during hunt camp include a mix of adventure, high stakes and critical shots. That's the Benjamin story.

Airguns for Serious Hunters. Hunters who prefer the rush of close pursuit. Trophy boars at fifty yards.

Predators at eighty. Small game at the top of the tallest hardwood. No matter where you pursue your hunting passion, Benjamin has an airgun that's up to the job. The only thing left is the storytelling.

BENJAMIN[®] ePCP[®] HUNTING GUNS *Rogue*[®] .357

**“The Rogue
brings airgun
hunting
beyond pest
control and
into trophy
hunting
territory.”**

Jim Shockey

World Famous Professional Hunter

Electro Pre-Charged Pneumatic **ePCP**

Ultimate Hunting Air Rifle

The Benjamin Rogue[®] airgun is a true hunting rifle with the power to take everything from varmints to boar-sized animals.

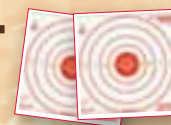

No other hunting air rifle lets you change the speed of your bullet and allows you to hunt different-sized game at various distances. By making simple adjustments to the LCD screen, the Rogue rifle promises a versatile and exciting hunt right at your fingertips.

More Shots = More Hunting

The patented eVALVE[™] technology perfectly times the release of air down to the millisecond, leaving you with more shots between fills.

Depending on the bullet weight and setting you choose, you'll get between 4 and 20 accurate and consistent shots. Lighter bullets = more shots. For the lethal shot, choose the right setting to make it count!

**Get more shots per fill when
shooting with lighter-
weight bullets**

OR

**Take down game as large as
wild boars with heavier
bullets and more power**

**.357 Caliber, Multi-Shot, Compressed Air,
Ultra-Quiet Hunting Rifle**

- Two-stage, adjustable electronic eTRIGGER[™]—delivering the crisp and consistent break of a match-grade trigger
- eVALVE[™] provides precise timing of airflow
- Electro-Pneumatic Intelligent Control (EPIC[™])
 - Select bullet weight and power setting
 - Choose velocities up to 835+fps
- Precision-rifled and shrouded-steel barrel
- Adjustable stock
- Under-barrel weaver-style accessory rail
- Dovetail-style optics rail
- Auto-indexing 6-shot magazine
- 3000 psi air reservoir

Model BPE3571

BENJAMIN ROGUE

BPE3571 .357 cal. Up to 835 fps

ROGUE AMMUNITION

**BENJAMIN[®]
by
Nosler[®]**

**.357 CALIBER
HIGH PERFORMANCE
AIR RIFLE BULLETS**

These unique, big-bore airgun bullets perform predictably and with deep penetrating, terminal performance. In the mouth of the lead bullet is Nosler's red polymer tip, designed to resist deformation and increase downrange terminal velocities. A hollow base design allows for precise control in the barrel, and optimum use of the selected pressure.

BENJAMIN EXTREME[™] BULLET

BPN357	.357 cal.	145 grains	25 rounds per box
--------	-----------	------------	-------------------

BENJAMIN[®] PURSUIT[™]

The Benjamin Pursuit bullets achieve optimal terminal performance due to their specially-developed lead and alloy blend. Softer than traditional lead bullets, the Pursuit[™] forms to the barrel of the rifle, keeping air pressure from escaping. The stepped bands drive the bullets with more efficiency than found with conventional .357 caliber bullets. For use only in the Benjamin Rogue ePCP air rifle.

BENJAMIN PURSUIT[™] BULLET

BPE3574	.357 cal.	127 grains	50 rounds per box
BPE3575	.357 cal.	158 grains	50 rounds per box

BENJAMIN®

TAKE AIRGUN HUNTING TO THE NEXT LEVEL

The loudest sound you'll hear when you pull the match-grade trigger on a Benjamin PCP airgun is the pellet hitting your target. With virtually no recoil, very little noise and tack-driving accuracy, choose a Benjamin PCP airgun for an exciting and successful day in the field.

MARAUDER AIR RIFLE

Hunting personality Eva Shockey after a successful hunt with the Benjamin Marauder PCP Air Rifle.

TRAIL NP® XL—MAGNUM

TRAIL NP® HARDWOOD

TRAIL NP® ALL WEATHER

TRAIL NP® ALL WEATHER

SMALL GAME HUNTING WITH NITRO PISTON® TECHNOLOGY

One simple cocking motion and your follow-up shots are fast, quiet and easy. Benjamin Nitro Piston powered break barrels produce 70% less noise than spring powered airguns, and with a smooth cocking effort, less recoil and less noise, a successful day of hunting is within reach.

Each Benjamin Trail NP® break barrel comes with a 3–9x40 mm CenterPoint precision scope, featuring an adjustable objective and Mil-Dot reticle. Regardless of the finish you choose, you'll find an ambidextrous stock, complete with a comfortable thumbhole and checkering on the grip and forearm for added stability. The Trail NP air rifles feature a bull barrel, a weaver-style optic mounting rail system, installed sling mounts and a ventilated rubber recoil pad.

UNDERLEVER RIFLE

BENJAMIN®

NEW!

MAV 77™

Benjamin® MAV 77™ Underlever Air Rifle

Astonishing Accuracy, Practically Effortless Operation

Easy to use, and intensely powerful, the Benjamin MAV 77 is a useful tool when hunting small game and varmints. Simply cock the gun once to achieve maximum velocity and power. The fixed barrel design provides excellent leverage when cocking which results in smoother cocking motion. And because the barrel remains fixed, you'll notice better accuracy for those longer range shots.

The Benjamin MAV 77 features tack-driving accuracy and comfort with its rifled barrel, two-stage trigger, and ambidextrous hardwood stock. Includes a 3-9x32 mm CenterPoint precision scope with a Mil-Dot reticle.

MAR .177

PCP CONVERSION KIT

NEW!

** Lower receiver not included.
Lowers having sear blocks
require modification.*

The MAR177 conversion kit replaces your existing AR/M4 style upper and converts it into a PCP .177 caliber competition air rifle. Designed to support 10-meter match air rifle competitions, the MAR177 is just as well suited for target shooters who are interested in maintaining their same shooting platform. The MAR177 offers shooting at a fraction of the cost of centerfire ammunition.

The gun features a removable 10 round rotary magazine, rifled and choked free floating Lothar Walther™ barrel, airstripper, carry handle with fully adjustable, dual aperture, micro-click rear sights and a Picatinny rail system that accepts all mil-spec options for the sight system you prefer.

MAR177 PCP Conversion Kit

- Match grade accuracy
- Meets the National Match Air Rifle competition requirements
- Ready for competition out of the box
- A fraction of the ammunition cost
- Up to 120 shots per fill
- Maintains shooting platforms
- Up to 600 fps
- More range time - even indoors
- Low noise and minimal recoil
- 10-round rotary magazine

Model MAR177

FEATURE SPOTLIGHT

Reservoir With Gauge

The rifle uses compressed air up to 3000 psi in the reservoir. Filling the rifle is easy with the quick disconnect fitting.

Small-Frame, Lever-Action Air Rifle

The Marlin Cowboy is styled for those who appreciate the nostalgia of old-west cowboy action shooters. This BB air rifle is both lightweight and dependable, making it the right choice for developing lifelong shooting, marksmanship skills, and for teaching safety.

Fitting the demands of shooters at any skill level, the ratcheted lever remains in position until it's fully cocked, protecting fingers from snapback. The Marlin Cowboy features:

- Stamped, all-metal receiver
- Finely finished hardwood stock and forearm
- Front blade sight and an adjustable, notched rear sight
- Reservoir holds up to 700 BBs
- Velocities of up to 350 fps
- Ideal for plinking and target shooting

PNEUMATIC AIR PISTOLS

CO₂ AIR PISTOLS**NEW!**
C-TT
 Model UC-TT
Russian-Style CO₂ BB Pistol

This semi-automatic BB repeater is styled after a World War II era Russian service handgun. The heavyweight, metal framed pistol with polymer grip has a removable 18-shot magazine, fixed blade front sight and fixed notch rear sight.

**C51**

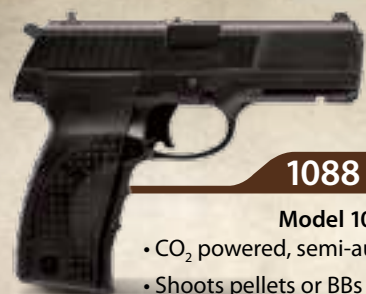

- Gas blowback with genuine recoil action
- Semi-Auto, BB repeater
- 20-shot, easy drop out magazine that holds Powerlet® and BBs
- Rear notch and front blade sights

**C31**

- Semi-auto BB pistol
- Weaver-style rail under the barrel
- Fiber optic sight system
- Removable BB magazine
- Holster Included

KIT

Includes 100 Premium Copperhead® BBs, 100 pellets, and shooting glasses.

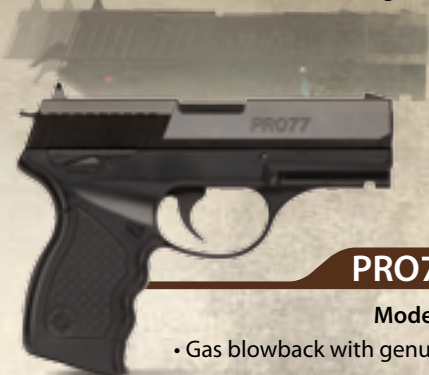

**1088 KIT**

Model 1088BAK

- CO₂ powered, semi-auto
- Shoots pellets or BBs
- Easy to load 8-shot rotary clip
- Under-barrel weaver-style rail

**KIT**

The PRO77KT Kit includes 350 Premium Copperhead® BBs, shooting glasses and two POWERLET® 12g CO₂ cartridges.

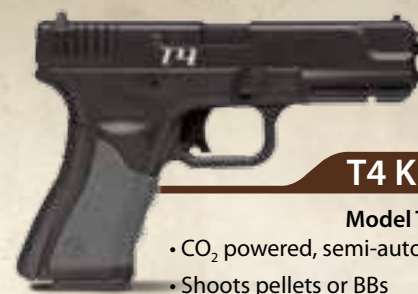

**PRO77 KIT**

Model PRO77KT

- Gas blowback with genuine recoil action
- Compact, Semi-Auto BB pistol
- Accessory rail

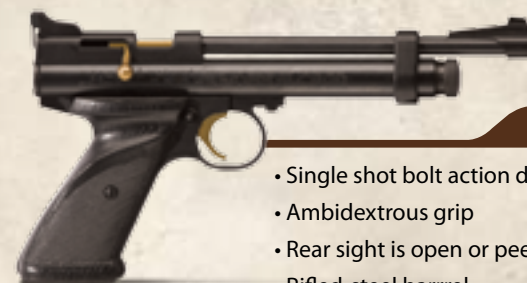

**KIT**

Includes 100 Premium Copperhead® BBs, 100 pellets, shooting glasses and two POWERLET® 12g CO₂ cartridges.

**T4 KIT**

Model T4KT

- CO₂ powered, semi-auto
- Shoots pellets or BBs
- Easy to load 8-shot rotary clip

**2240**

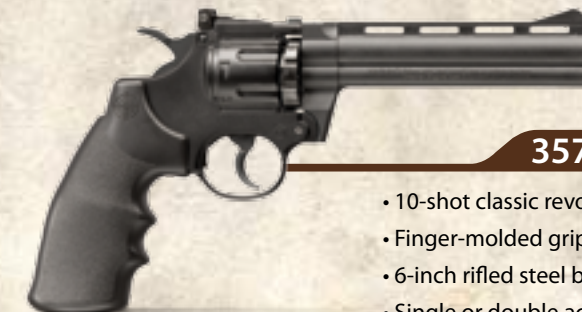

- Single shot bolt action design
- Ambidextrous grip
- Rear sight is open or peep
- Rifled-steel barrel

**C41**

- Medium-sized, semi-auto, German-style pistol
- Metal frame with synthetic, ambidextrous grooved grip
- Rear notch and front blade sights
- Grip slides back for easy replacement of CO₂

**C11**

- Compact, semi-auto BB pistol
- Accessory rail under the barrel
- Fixed blade and notch sighting system
- Removable magazine for BBs
- Grip slides off for easy replacement of CO₂

**3576W**

- 10-shot classic revolver style
- Finger-molded grip
- 6-inch rifled steel barrel
- Single or double action
- Adjustable rear sight

**TACC11**

- C11 tactical version
- 4-sided accessory rail
- Laser
- Mock compensator

COPPERHEAD® COPPER-COATED BBs

The only copper-coated steel BBs. Sold in a resealable plastic bottle with an easy-pour spout.

*Contains less than 1% lead

Under-the-Barrel Laser Sight

Designed to fit 1" weaver-style rails. Projects red beam for aiming with full adjustability.

Model 0423

Targetfinder Rifle Scope

This 4x15 mm scope has turret sight adjustments and precision coated optics. It also adjusts for windage and elevation and easily mounts on air rifles with 3/8 inch dovetail grooved receivers. *Not recommended for break barrel rifles.*

Model 0410C

Powerlet® 12g CO₂ Cartridges

How fast can you shoot?

CO₂ power allows you to shoot in rapid succession without the need to manually pump between shots. Pioneered by Crosman in the 1930's, the Powerlet CO₂ cartridge opened up a world of fun. Be sure of proper fit and seal with genuine Powerlet 12g CO₂ cartridges.

Available in boxes:

Model 231B	5 ct.
Model C2315	15 ct.
Model 2311	25 ct.
Model 23140	40 ct.
Model 2318	500 ct.

Airgun Ammo Pouch

Layered composite materials maintain great shape during any field operations. Use hook and loop to attach to belt, or the pouch stands for easy access to the pellets. 4x2x1 inches. Holds up to 500 pellets.

Model 0529

Shoulder Stock

Sold separately, designed to fit the Marauder pistol, 1377C, 1322C, PC77B, 2240 and 2300T pistols.

Model 1399

Red Dot Sight

This red dot sight includes easy-to-use finger adjustments and a large lens for increased field of vision. Battery included.

Model 0290RD

Shooting Glasses

Essential for safety. Form fitting. High-impact plastic lens. Meets ANSI Z87.1-2003 National Safety and CE Standards.

Model 0475C

Scope Mounts

Allows the mounting of 3/8 inch dovetail rings on models 2240 and 1377C airguns.

Model 459MTC

.177 Caliber Pellet Loader

Holds 16 pellets. Quickly and easily loads pellet into tight breeches. Fits in your pocket. Easy to use.

Model PL177

Pellgunoil®

This 1/4 ounce tube of special formulated oil is used with pneumatic or CO₂ powered airguns.

Model 0241

Silicone Chamber Oil

Specifically created for spring powered, Nitro Piston® powered, and precharged pneumatic (PCP) airguns.

Model RMCOIL

Zombie Targets

9.75 x 9 inch paper targets with 5 each of 4 different "Zombie" designs for a total of 20 targets per package. Compatible with the target trap (Model 0852) or use alone.

Model CPVT5

Varmint Target Block

8" x 8" high density foam block traps pellets and BBs. Each side depicts one of the Crosman Varmint Targets. Easy to use with airguns shooting less than 700 fps.

Model CAVTB

Visible Impact® 14" Range Target

These polystyrene foam targets are designed to create highly visible holes for easy scoring without walking downrange. Weather-resistant for year-round use with either airguns or firearms.

Center bulls-eye and five outer scoring rings for pistol, rifle, shotgun slug and archery practice. 3-pack.

Model T14R-P

NEW!

Field Target

All-metal, heavy duty, animal shaped and square field targets especially for use with .22 and .25 caliber airguns.

Model CST8

NEW!

Spinning Target

All-metal spinning system features 2 target sizes. Folds up for easy storage and portability.

Model CST2

NEW!

Resetting Target

All-metal spinning targets with hands-free reset. Folds up for easy storage and portability.

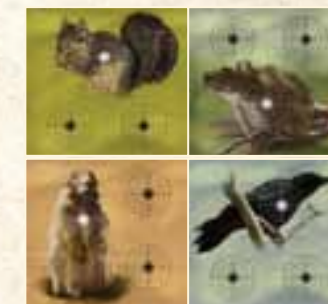

Model CARSTH

PELLET TRAP INDOOR/OUTDOOR

The Crosman Target Trap stops pellets. Our exclusive triple-safety curtains are backed with heavy-gauge galvanized steel. Paper targets are included depicting various silhouetted animals.

Model 0852

** It is not recommended for use with airguns that exceed 800 fps in .177 caliber, 650 fps in .20 caliber, 750 fps in .22 caliber, .25 caliber airguns or metal-tipped pellets.*

Varmint Targets

9.75" x 9" full color paper targets. Each displays a varmint with three targets. Compatible with the Crosman Target Trap. Five each of four designs for a total of 20 per pack.

Model 0496

Airgun Target Pack

Airgun targets with air rifle bulls-eye on one side and air pistol bulls-eye on the reverse. This pack contains 25 paper targets.

Model 0486

ePCP/PCP GEAR

PCP Charging Systems

4500 psi rated, carbon fiber cylinder and high-grade fill valve combination.

- Stainless steel fill connection
- 12" fill hose
- Restricted flow manifold for controlled filling
- Built-in pressure gauge
- Bleed valve

NEW!

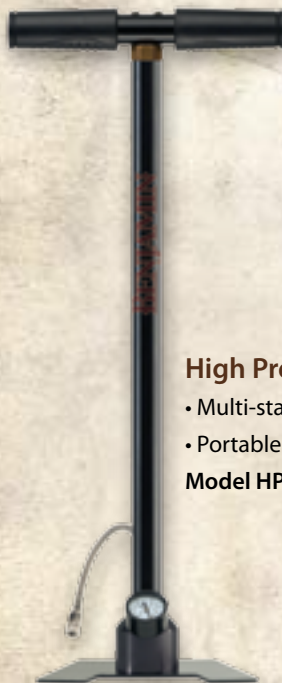

- Standard 38" size
- Provides up to 80 fills.
- Lightweight 342 cubic inch, DOT certified

Model 81002

- Portable 15" size
- Provides from 5–16 fills
- Lightweight 90 cubic inch, DOT certified

Model 81001

NEW!

High Pressure Hand Pump

- Multi-stage for easy pumping
- Portable for charging up to 3000 PSI

Model HPP2KU

NEW!

Benjamin Turbo Aire™ Hand Pump

Pump system for PCP guns charges up to 3000 psi. Patented design allows for more uniform applied force throughout the full pump cycle. Features replaceable desiccant moisture trap and built-in pressure gauge.

Model HPP3KU

Rotary Clip for Benjamin Rogue

Clip stores and feeds six .357 caliber bullets. The convenient clip automatically indexes to the next chamber after the shot is taken.

* Note—Airgun must be adjusted to effectively work with the low pressure of CO₂

CO₂ Fill Adapter

Attaches gun to CO₂ tank.

Model FAH001

Dual Fuel® Fill Adapter

Works with high pressure air bottle as well as CO₂ tanks.

Model FAH002

Scuba Yoke Adapter

Features a quick connect fitting for filling your PCP gun from a scuba tank with K-style valve.

Model FAH003

Scuba DIN Adapter

Features a quick connect fitting for filling your PCP gun from a scuba tank with DIN-style valve.

Model FAH004

ASA Adapter

Connects bulk CO₂ cylinders to Benjamin and Crosman PCP airguns. Screws into the CO₂ fill station or CO₂ lever fill station. Features a 1/8 inch threaded connection for attaching the quick-disconnect/foster fitting. Included are the tank o-ring and quick-disconnect fitting.

Model FAH005

CO₂ Fill Station

The fill station attaches to a common bulk CO₂ tank with CGA 320 valve and allows for the filling of the smaller CO₂ cylinders commonly used for airguns and paintball guns. Easy to use, with pin valve depressor, fill control and vent knob.

Model FAH006

Hunting with CENTERPOINT®

The 2012 CenterPoint product lineup adds exciting, new ActionCAM™ video action cameras, binoculars, reflex sights, lasers and riflescopes that offer everything you need for a great day outdoors. We know how important it is that your gear works well each and every time you take it, which is why we TORTURE TEST all our products for ruggedness and reliability. CenterPoint products combine quality and affordability with convenient features that bring you closer to your target—whatever you are hunting.

ACTION CAM

CenterPoint® Video Camcorders

Record your shooting adventures in full-color video and digital audio to share with your friends, family and the world. Now you can record that winning shot during your airsoft game or show your buddies that 14-point buck that got away.

Bring a whole new meaning to first-person shooter with the new ActionCAM choices from CenterPoint. **Camcorder features include:**

- Lightweight, rugged metal casing adds durability
- 3+ hours of recording time with the rechargeable battery
- Built-in microphone
- Mini-USB cable—compatible with your PC or MAC for charging and data transfer
- Fits standard weaver-style rails, and are threaded for 5/16" bow mounting

ActionCAMHD™

The CenterPoint ActionCAMHD™ is one of the most compact high definition (HD) video and audio camcorders on the market. When you want that extra detail, step up to the lightweight ActionCAMHD™.

- 2.5x and 5x zoom options get you closer to the action
 - 1280x720 Universal MJPEG video records every HD detail
- Model 73801**

Micro SD Card Required/Not Included

CENTER POINT

CenterPoint Hunting and Outdoors riflescopes provide everything the hunters of today need to get the job done. On small or large guns, these torture tested optics work rain or shine, and in any temperature. All are rich with the premium features found on higher end scopes such as nitrogen purging, phase coated optics and a rugged construction of aircraft grade aluminum. Whether it is an end of day shot made possible with an illuminated reticle, or those close-up airgun shots under 30 yards, "you can get there from here," with CenterPoint scopes.

TAG SERIES

Trajectory Aiming Guide

CenterPoint scopes with TAG reticles provide holdover aiming points that range from a mere 100 yards, to an astonishing 600 yards. Distances are conveniently calculated for the most popular ammunition for rifle, shotgun or muzzleloaders.

The TAG scopes offer unique illumination options that light different parts of the reticle for quicker reference to the cartridge, shotgun or muzzle loader load you are using.

TORTURE TESTED
with everything from
a high powered break barrel
to a .416 Rigby

Features include:

- One-inch tube, one-piece construction
- Fully, multi-coated lenses with PURE ADVANTAGE™ solution for 95% light transmission

- Recoil-proof, etched glass, TAG ballistic reticle
- Red illumination system with various brightness settings

- Tool-free windage and elevation adjustments
- Includes flip-open lens covers
- Limited Lifetime Warranty

HUNTING SCOPES

CENTER POINT

AR22 CLASS

CenterPoint AR22 scopes are ideal for small caliber and short range rifles. Whatever the lighting conditions, these scopes won't be rivaled for convenience, durability or precision. Each AR22 has a 1 inch tube.

3-9x32 mm

- Dual illuminated Mil-Dot reticle
- Rings and lens covers included

Model CP392RG

4x32 mm

- Duplex reticle
- Rings and lens covers included

Model CP4032

REFLEX SIGHTS

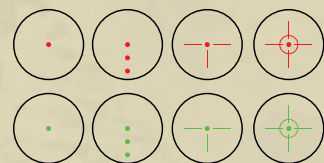

When speed and ease of use are important, CenterPoint Hunting and Outdoors Reflex Sights are your ticket. Due to their unique design, you can leave both of your eyes open while you shoot, keeping your complete field of view open. No more missing the next target because you can't see it!

1x25 mm Multi-Tac™ Quick Aim Sight

- 30 mm tube
- Four different red or green reticle options with adjustable brightness
- Includes weaver-style, rail-mountable rings and flip-open lens caps

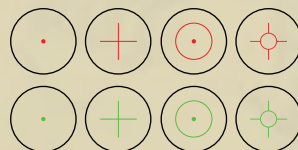

Model CPMDWC

32 mm Reflex Sight

- Four different red or green reticle options with adjustable brightness
- Mounts to weaver-style rails
- Lens cover included

Model 70301

40 mm Enclosed Reflex Sight

- Large field of view
- Three MOA red dot with red or green illumination options
- Built-in mount for weaver-style rails
- Flip-open lens caps

Model 72601

LASER DESIGNATORS

Green Laser

- Class IIIA laser
- Double the effective range of a red laser, day or night
- Remote, momentary on/off for quick, convenient activation
- Mounts to any weaver-style rail
- Fully adjustable windage and elevation

Model 74251

Quick Acquisition Laser Sight

- Rated at 100 yards of visibility at night and 25 yards in daylight
- Adjustable for windage and elevation
- Includes both Dovetail and weaver-style mounts
- Includes tactical, momentary on/off pressure switch

Model CP0427C

Universal Laser and Flashlight Kit

This kit provides quick and accurate target acquisition in low light for your medium- and close-range shooting needs. Use the flashlight to find your target and then use the laser to lock-on.

- Rated at 100 yards of visibility at night and 25 yards in daylight
- Adjustable for windage and elevation
- Flashlight illuminates targets from up to 30 yds away
- Laser and flashlight are equipped with tactical on/off pressure switches
- Kit easily mounts to any 1 inch scope tube
- Red filter
- Lens cap for flashlight

Scope not included.

Model CPLFKT

Laser Boresighter

The CenterPoint Laser Boresighter eliminates the need to use more than one box of ammo to sight in your scopes and open sights. Sent from the same line as your barrel, the laser shows exactly where your shot should land when zeroing in—saving you time and money by precisely sighting-in.

- Battery-powered
- Works on handguns, rifles and shotguns
- Fits calibers ranging from .17–.50, as well as 12-, 16-, and 20-gauge shotguns

Model CPLBS1745

All CenterPoint rings and accessories are precision machined from aircraft grade aluminum alloy, with anodized black matte finish. They're built to withstand the recoil of the most powerful firearms on the market today and, with their ease of use and secure fit, they're compatible with a full range of riflescopes and rails.

Whether you are looking to purchase or just learn about CenterPoint products, our website has all the information that you need in one place. We also have all the technical resources you need including product manuals, photos, a Mil-Dot calculator and more.

CenterPoint Binoculars

CenterPoint Hunting and Outdoors Binoculars are the most versatile binoculars around. Others charge extra for all the features we consider standard. If you're looking for one simple package to meet all your needs in the field, watching the game, bird watching, or wherever you need to be closer to the action, choose CenterPoint binoculars.

Compact, rugged designs, practical accessories and advanced optical coatings will quickly make these the only pair you'll want when you are ready for your outdoor activities.

PHASE 1

Small, light and compact, these binoculars go where you go with ease. The extra-large 42 mm objectives collect more light and give you a brighter picture than average compacts, letting you see every detail.

- Quick focus bridge helps you see the action quicker
- Large 42 mm objective lens provides brightest picture
- Folds down for convenience
- Roof prism design

PHASE 1 BINOCULARS

73054	8x42	8x fixed power
73051	10x42	10x fixed power

PHASE 2

These compact binoculars provide crisp, clear images without all the size and weight you might expect. The porro prism design is prized for its ruggedness and value.

- See more action with highest magnification
- Large 42 mm objective lenses provides brightest picture
- Comfortable, non-slip rubber body shell
- Porro prism design

PHASE 2 BINOCULARS

72901	10x42	10x fixed power
72902	16x42	16x fixed power

PHASE 3

When image is everything, CenterPoint Phase 3 Binoculars do more than just get the job done, they bring your target to an impressive new level. They have all the features you could ask for in one great package.

- Multicoated optics provide the crispest images
- Large 42 mm objective lenses provide the brightest picture
- Great crisp pictures from multi phase coated optics
- Large, easy to use controls
- Easy to hold with form fitting roof prism design

PHASE 3 BINOCULARS

73052	8x42	8x fixed power
73053	10x42	10x fixed power

6mm, Biodegradable Marking BBs

Biodegradable Verdict Marker BBs meet the demands of airsoft fields and tactical skirmish events with environmental requirements. They are seamless, accurate and leave no long lasting clutter on the playing field. Made with P-Life™, a patented OXO biodegradable compound, they will begin to degrade within 45 days under favorable environmental conditions. The marks they leave behind wipe off, or wash out of virtually any garment.

YOUTH ARCHERY

ELKHORN™

JR. COMPOUND BOW

Designed with the look and feel of Dad's bow. The Elkhorn bow comes equipped with durable, heavy weight composite limbs and an integrated composite center shot riser with large sight window. The composite cam system is supported by heavy duty all weather strings and cables complete with cable guard for superior shooting performance.

ELKHORN Specs:

- 33" axle to axle designed for the starting compound bow shooter
- 17 – 21lb. draw weight ideal for beginners ages 12 and up
- 26" max draw allows for years of use with the same bow set
- 8" brace height exceptional design for ultimate forgiveness during the shot
- 1lb. 12oz. mass weight very versatile for balance and feel
- Right hand grip integrated design to allow for optimum hand placement
- 65% let off cam / wheel design provides outstanding shooting performance

Model ABY1721

SENTINEL™

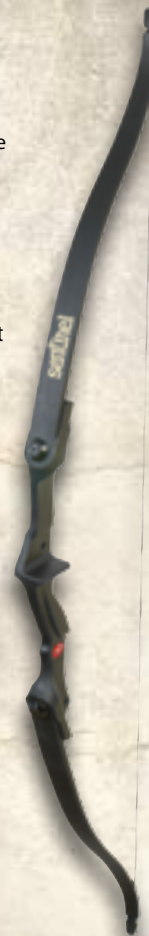

YOUTH LONG BOW

Equipped with durable, heavy weight fiberglass composite limbs, the Sentinel bow boasts a center shot composite riser, backed with heavy duty all weather strings. A durable right hand rest makes the Sentinel an outstanding shooting long bow.

SENTINEL Specs:

- 45" tip to tip longer limbs designed for improved balance and forgiveness at the shot
- 20 lb. draw weight great for beginners ages 12 and up
- 25" max draw allows for years of use with the same bow set
- 8" brace height exceptional design for ultimate forgiveness
- Right hand grip integrated design to allow for optimum hand placement
- Custom string

Model ABY215

The ELKHORN and SENTINEL sets include:

Two-piece quiver, finger tab, pin sight, arm guard and two composite youth arrows

PORTABLE AIRGUN RANGE

With easy assembly and practical traveling gear, the Crosman® airgun ranges are less hassle and more fun. Their frames are collapsible, the panels foldable and the entire range easily transportable in golf bag-sized case(s). They are a perfect fit for your fund raiser, fair, picnic or sporting event to generate new revenue for your organization and/or interest among prospective members. The safety features of the Crosman ranges allow it to be used both indoors and out.

Each Portable Airgun Range comes complete with a primary impact wall, frames, range baffles, fabric walls and the Speed Shoot Target System - all you need to start your shooting experience. Available in two sizes. For use with .177 caliber airguns with maximum velocity of 625 fps.

Portable Airgun Range

PSR8X24	8 ft. x 24 ft.
PSR8X12	8 ft. x 12 ft.
PSR5X5	5 ft. x 5 ft.

For more information or to order by phone, contact a Crosman Shooting Services Representative today at 1-800-724-7486, ext. 3101.
